

SPORTS'N'TRAIN NEW WEBSITE LAUNCHES

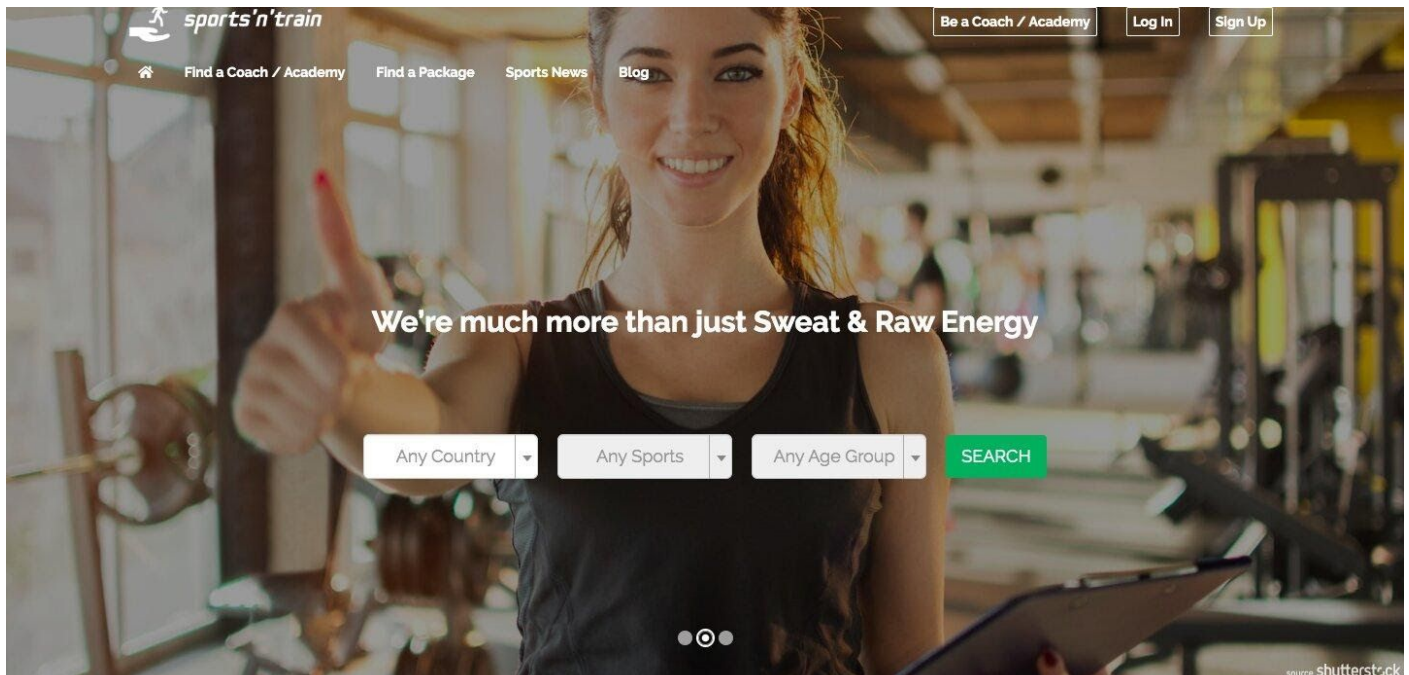

Sportsntrain launches on-demand request site A revolution in the market

Singapore, January 28, 2020; The Sportsntrain website's beta launch was on June 19 in 2019, approximately six months since its creation in October 2018. In January 2020, the founder announced the official launch of the website that will be available in Hong Kong, New Zealand, Australia, Singapore, and Malaysia.

Consumers who were not able to get a personal training platform for their sports are now encouraged to use sportsntrain's website launch to get quality coaches in various academies.

New Era

As of January 2020, the website is gaining traction and success with more than 70 coaches and academies for users to choose from. The platform also provides more than 45 sports, including personal trainers, Sea kayak, karate, swimming, tennis, and meditation sports like physio.

"Being both a sports coach and a sportsman has given me a broad perspective on what I seek from professional guidance and what is desired from individuals hoping to achieve their personal goals and living their dreams" said Mr. Fabrice Nachbaum, the founder and CEO of Sportsntrain. "We all need a little boost and a helping hand. That is why I've created SportsnTrain to connect consumers not only with coaches but with communities of fellow sports enthusiasts."

Recently one of the most user-friendly websites for connecting sports enthusiasts to coaches and academies, Sportsntrain's website goal is to transform lives through quality coaching to improve the physical, mental, and emotional well-being of customers.

A one-size fits all due to the on-demand request

Can't find any suitable option? Coaches will align and make counter proposals thanks to the smart tool on-demand request. For example, if a consumer has a budget of 100sgd for a personal trainer and the minimum price required is 200sgd, coaches are free to accept this offer or not. Additionally, the site provides higher on-demand request to all coaches on the platform, setting it apart from other competitors in the market.

CREATE NEW COACHING REQUEST

Sometimes you know what you want. You might even know when you want it. You don't want to spend hours searching for classes and schedules. All you really need is a Coach who can meet your request & help you out.

On Demand Coaching provides a quick and easy way to do this. Pick a sport, a time, a place and add on a few other details. Then send in your request. SportsnTrain will take care of dispatching it to all the relevant coaches.

All you have to do is sit back and wait for the offers to come in. Then you can compare the offerings and assess the coaches. Once you've made your decision, just accept the one you like best!
